

# WOLVERINE RANGERS

An Organization of Cowboy Action Shooters in the State of Michigan

## Updated Range War Information – 8-28-2020

There have been a number of questions that have come up with regards to the plans and procedures for Range War 2020. Please see the outline of information in this document for the latest info. Note, some restrictions are out of our control and are being updated regularly. We are following these to the best of our ability.

Please remember that COVID-19 is affecting how things are done in every aspect of our day to day lives. While the information below is what we have planned under the current State of Michigan Executive Orders, these orders are subject to change and have been changing weekly if not more often. That being said there are restrictions in place now that may not be in place in September. There may also be more restrictions that are added that could change how we move forward. As these restrictions change, we will continue to monitor and address them as necessary up until the start of the event.

**As of the date of this letter Executive Order 2020-160 is still in effect.** This order states that St. Clair county falls within Region 1. Region 1 is declared to be in Stage 4 of the Michigan Safe Start Plan. During stage 4, Region 1 is limited to outdoor gatherings and events of up to 100 people, and states that those not of the same household maintain 6 ft social distancing from one another. For more information or to read the entire order you can visit [www.michigan.gov](http://www.michigan.gov).
