Weaver Custom Earplugs Coldwater, Mi 517-617-7030

We offer on the spot custom molded earplugs that are formed to fit your ear perfectly to obtain a true 33 NRR average. Our earplugs will not deform or change shape unlike the at home DIY kits. Our earplugs have a life expectancy of 3-5 year, not because you will wear the earplugs out but because your ears never stop growing. Will they still fit in 3-5 years? Yes, but you may not obtain the complete seal like when you first had them made. Many colors are available from just one solid color to a multicolor swirl.

Like to listen to music, or need to take phone calls? Well, we can help with that too. Have a bluetooth harness added to your custom earplugs. Our bluetooth have a 16+ hour battery life on a single charge and come with a 1-year warranty. Great for shooting, mowing lawn, cutting wood, working out, or just listing to music. Trust us when we say you will have to turn your volume down, no more blowing your eardrums out while being around loud noises while trying to listen to music.

PROTECT WHAT YOU CAN'T AFFORD TO LOSE
